## GET THE BEST FIT:

After you select the right style of product for your child's needs, make sure that you get the right fit. There are a range of sizes and absorbencies that are available.

### **Pull-on Underwear - *moderate need***

- Should fit "comfortably snug"
- Designed to look and feel like regular underwear
- Pull-on underwear that is too large may leak

### **Brief/Diaper - *heavier need***

- Should fit "comfortably snug" when tabs are secured on the hips
- If tabs are too close or touch in the middle, it's too big and could leak
- Offers maximum leakage protection
- Designed with adjustable tabs for the best comfort and fit
